

# Regulated Product Submission (RPS)

- The working group is progressing through the New Work Item Extension to:
  - Update the Table of Contents format for nIVD (N9) and IVD (N13) regulatory submissions (completed in 2024)
  - Develop a dynamic template that leverages the updated ToC
- The working group surveyed its members to assess what existing dynamic templates are available and in use
- Discussions on aspects such as governance and maintenance mechanisms are also ongoing
