About Medical Technologies

Medical technology is any technology used to **save** and **improve** lives of individuals suffering from a wide range of conditions.

There are more than **2,000,000 devices, services and solutions** available in hospitals, community-care settings and at home

IMDRF Industry Group - Jointly coordinated through international industry associations

GMTA

BROAD CROSS-SECTOR REACH

30+ national and regional medtech associations

REGIONAL MEMBERS

**APACMed • MedTech Europe
Mecomed • Inter-American Coalition**

NATIONAL MEMBERS — SELECTED

AdvaMed • ABHI • ABIMED • ABIIS • CBDL
JFMDA • KMDIA • MedTech Canada • MTAA
MTANZ • MTIG Singapore • SAMED

DITTA

DEEP SECTOR EXPERTISE

12 associations representing 600+ manufacturers

REGIONAL MEMBERS and NATIONAL MEMBERS

ABIMED • AdvaMed Medical Imaging • CAMDI
COCIR • IMEDA • JIRA • KMDIA • KMDICA •
MITA • Medtech Canada • MTAA • TECHNATION
Canada • THAIMED

Different jurisdictions. Different company sizes. Different device types.

IMDRF Industry Group - One coordinated industry voice

dedicated to supporting the IMDRF

Who We Are

- ❑ A global group of medical technology industry representatives spanning IMDRF jurisdictions and technology sectors
- ❑ A structured dialogue with the IMDRF Management Committee to support harmonization and access to safe, effective technologies
- ❑ Co-chaired by GMTA and DITTA

Value and Contribution

- ❖ **Global Perspective**
Consolidate perspectives across markets and device sectors
- ❖ **Implementation Reality**
Provide feedback on practical implementation of IMDRF guidance and identify areas where challenges persist
- ❖ **Practical Insights**
Identify emerging regulatory issues and implications

IMDRF Industry Group: Connecting industry experience with regulatory cooperation

Global Perspective

Provide strategic perspectives on regulatory and standardization priorities

Contribute

Propose new work, coordinate feedback and support industry participation in Working Groups

Support implementation

Identify practical challenges; contribute to workshops, training and convergence activities

Priorities that the Industry Group could Champion for IMDRF

A practical contribution to IMDRF's strategic objectives to advance global convergence and harmonization

INDUSTRY GROUP STRATEGIC PRIORITY	WHY IT MATTERS	INDUSTRY GROUP CONTRIBUTION
Advance Global Reliance & Single Submission	Accelerating patient access to safe and effective technologies by reducing duplication and optimizing regulatory resources	Provide evidence, experience and practical models to scale reliance and enable multi-market submissions.
Modernize & Consolidate Foundational Guidance	Keep global guidance relevant and responsive to emerging technology	Bring global implementation experience to modernize GHTF legacy documents and consolidate overlapping guidance
Harmonize & Streamline Post-market Surveillance	Strengthen patient safety while reducing fragmented and duplicative requirements	Contribute global safety data and operational experience to enable harmonized, risk-based and digitally enabled PMS.
Enable Innovation Through Automation & Digitalization	Keep regulation responsive to evolving technologies and healthcare needs	Propose emerging topics, provide technology expertise, real-world use cases and evidence to shape proportionate, future-ready approaches
Strengthen Stakeholder Engagement & Transparency	Diverse input improves the relevance, feasibility and adoption of IMDRF guidance	Engage early and consistently, bringing technical expertise and implementation perspectives into priority-setting and guidance development

How to contact us?

Engage through your participating association or contact the 2026 Co-chairs
